

State-owned Corporation of Arzaq: A Successful Organization in Food Supply and Distribution;

State-owned Corporation of Arzaq is the only secure and reliable organization in the country capable of providing and distributing essential food products nationwide. It has the capacity to supply all governmental and non-governmental institutions with the food items they need.

According to its mission and future plans, **State-owned Corporation of Arzaq** aims to renew its contracts with government institutions and continue demonstrating its commitment to the supply and distribution of food products, just as it has in the past. The company is fully capable of delivering food items to institutions on time and with high quality, in line with its commitments.

For this reason, **State-owned Corporation of Arzaq** is recognized across the country—including all provinces—as a proven and successful organization in the provision and distribution of essential food products.
