

State-owned Corporation of Arzaq: A Key Source for Food Supply;

The only company in the country that manages essential food supply operations across all provinces is **State-owned Corporation of Arzaq**.

The company is committed to providing essential food products to all governmental and private institutions in a timely manner and with high quality. Any governmental or non-governmental institution in need of food supplies can confidently enter into a contract with this fully state-owned, secure, and reliable company.

Our sole mission is to deliver excellent services to the people and to ensure their food needs are met, which is considered one of the company's core activities.

We invite all fellow citizens to fully support the activities of this state-owned company and benefit from its services, helping our country move toward self-sufficiency. **Inshallah.**

Wishing you a great day!
