

Join Hands with State-owned Corporation of Arzaq!

Providing excellent food services, ensuring citizens' well-being, strengthening the national economy, and creating employment opportunities for the younger generation are core goals and commitments of **State-owned Corporation of Arzaq**.

The company aims to expand its range of services to all regions of the country, offering high-quality products to the public. This not only creates a productive work environment for the youth but also helps Afghanistan take strong and rapid steps toward development and economic growth.

Achieving these goals requires practical collaboration with national and regional entrepreneurs and the private sector, who are invited to join **State-owned Corporation of Arzaq** in taking proactive steps.

This approach not only encourages secure domestic investment but also promotes the use of local products instead of imported goods.

For a prosperous and self-sufficient Afghanistan!
