

The State- Owned Corporation of Arzaq;

The State- Owned Corporation of Arzaq is a trusted and reliable government enterprise at the national level, which has taken fundamental and effective steps in the field of food transportation, distribution, and management.

The company plans to accelerate, expand, and standardize its efforts in order to strengthen the country's food supply system, making it more organized and efficient.

These developments are not only valuable for state institutions but also have a constructive and positive impact on the economic and social life of the people.

Currently, **The State- Owned Corporation of Arzaq** is actively providing food delivery and supply services to government and private institutions both in the capital and in the provinces. It has signed formal agreements with four ministries to supply and deliver essential food items.

God willing, **The State- Owned Corporation of Arzaq** will continue to serve for the welfare and development of the country, taking greater steps toward the growth of the national economy.
