

The State- Owned Corporation of Arzaq – A Service Accepted by the People;

The State- Owned Corporation of Arzaq is the only **state-owned enterprise** in Afghanistan responsible for the supply, transportation, and storage of food items. Operating under the umbrella of the government, its mission is to provide standard, affordable, and trustworthy food products to public and other institutions.

The State- Owned Corporation of Arzaq services not only ensure the reliable delivery of food items but also play a significant role in **economic stability, food security, and the welfare of the people**.

The company aims to expand its activities and services for numerous government and private institutions across the country, to achieve customer satisfaction through innovation, rapid development, and reliable operations, while creating more job opportunities for citizens.

Furthermore, the company's management is working to strengthen its fundamental operations and business plans, extending its service network to reach more citizens.

Let us all support **The State- Owned Corporation of Arzaq** and fulfill our national responsibility toward the reconstruction and development of our homeland.
