

The State- Owned Corporation of Arzaq – A Reliable Source for Food Supply;

The State- Owned Corporation of Arzaq is a trusted, dependable, and experienced commercial source in Afghanistan for food supply, transportation, and delivery. For several years, it has been providing high-quality food items to government institutions at competitive prices and with punctual delivery.

Over the past four years, the company has made substantial progress and currently holds food supply and transportation contracts with **four key ministries**.

Its leadership is determined to further expand its services and fundamental operations to provide similar services to other institutions that require basic food supplies.

Dear citizens, let us support this government company and benefit from its services so that our beloved homeland may become economically stronger and move toward self-sufficiency.
